Experience and relax at signinahotel

Located directly at the Laax valley station, the signinahotel is the ideal place for active holidays in the Canton of Graubünden in the Swiss Alps. The proximity to nature and a wide range of activities characterize the 4-star hotel. A spacious wellness area offers first-class relaxation after an eventful day in the fresh air. Whether you are a snow sports fan in winter, a golfer, hiker or biker in summer – everyone feels at home here. Surrounded by the rocksresort, guests can also enjoy numerous other amenities: Various shops, bars and restaurants make a stay at the signinahotel even more varied.

Tradition meets modernity
The signinahotel in Laax Murschetg looks back on a long history: it was built in 1969 and was one of the first hotels at the Laax valley station. Today the 4-star hotel is located in the middle of the modern rocksresort. With its chalet character, however, it clearly stands out from the modern, stone-clad resort. 138 beds in 67 comfortable rooms offer recreation and relaxation. The hotel also includes the neighboring Bündnerhaus, with a further 17 rooms and 32 beds, and the Casa Prima, with 3 apartments and 18 beds. Only a few minutes' walk from the Laax valley station, it is the ideal starting point for active recreation in the mountains of Flims Laax Falera.
The signinahotel is located in the middle of the apartment-hotel rocksresort and offers its guests the classic comfort of a hotel. On the other hand, guests of the signinahotel also benefit from rocksresort's varied range of offers: There are nine shops, eight restaurants and five bars. Thus, everything you could wish for when on holiday comes from one single source: from souvenirs, through ski rental, to a perfectly brewed coffee.

Activities
Not only the amenities and comfort, but also the immediate proximity to the unique natural world of LAAX is especially appreciated by guests. The signinahotel is located directly at the valley station so guests reach the mountain top in no time to explore everything the destination has to offer: In winter there are 224 km of slopes of all levels of difficulty, 28 lifts, 4 snowparks and the largest halfpipe in the world. In summer, 250 kilometers of hiking trails and 330 kilometers of bike trails for mountain bikers guarantee fun and adventure. Hotel guests who would like to explore the destination on two wheels and with some additional support can rent e-bikes free of charge.

Eat & relax
One should not explore the outdoors on an empty stomach, so the most important meal of the day holds a special value here. The rich breakfast offer is known throughout the destination for its variety. The perfect way to start the day! In the evenings, guests can enjoy Italian delicacies just like at "la nonna" at home: the in-house Italian restaurant Ristorante Camino serves crispy pizzas from the wood-fired oven, hearty risotto & pasta variations, delicious polenta or the famous Pollo Americano.

In the signinawellness guests can end the day in a relaxed manner and let their soul dangle. For example with a vitalizing hot stone or chocolate massage. The pool with a pleasant water temperature of 30°C warms up tense muscles after an active day on the mountain. In the sauna landscape with the Finnish sauna, the bio sauna and the steam bath, body, mind and soul are revived. The heated foot bath, the cold-water area with various showers and a plunge pool in the indoor area round out the sauna experience.
